Export the Video Editor file into a MP4 video:

The screenshot shows the Windows Photos application in the 'Video Projects' section. A grid of video projects is displayed, including a blank project, a 'Tutorial Video' featuring swans, and 'My_Cartoons'. A red arrow points to a context menu that appears over the 'Tutorial Video' project, with options: 'Remove', 'Change cover photo', and 'Duplicate project'. Overlaid on the screenshot is red text that reads: 'The Window-base computers automaticall save the project. To delete a project, right-click for the popup menu, and select the Remove option.' The Windows taskbar at the bottom shows the search bar, taskbar icons, and system tray with the time 8:17 PM and date 12/6/2020.
